Fabric G	ladder and steps 2nd ladder

Star block:

Light natural	background all around the star
Fabric R	star
Fabric H, J, K, L	stripes at the outer edge

Preparation:

The individual segments of these patterns already include a seam allowance of 0.75 cm drawn all around. Copy the patterns directly onto Paper Solvy and cut out with the drawn seam allowance.

Note:

If the pattern is printed onto Paper Solvy with an ink jet printer, care must be taken that the ink is waterproof.

For safety reasons print, sew, and wash out a trial block at any rate.

Method: Paper piecing

For each block (ladder) and/or each segment of a block (star) fasten the piece of fabric for number 1 each at the respective place on the reverse side of Paper Solvy, the right side of the fabric is facing up. Put the fabric for piece 2 onto piece 1 right to right and fix with pins. Turn Paper Solvy and sew along the seam line between fields 1 and 2 with stitch length 2. Start sewing a bit before the line and continue sewing a bit over the end of the line.

Fold piece 2 and iron. Cut the seam allowance back to a width of 0.75 cm if necessary. If pieces are very small, such as e.g. the steps of the ladder, the seam allowance may also be smaller.

Sew on piece 3 and all the other following pieces of fabric in the same way until finishing the whole segment. Sew the other segments in the same way.

Sew the individual segments of a block onto each other.

Cutting:

For paper piecing, cut the individual fabrics into handy pieces of approx. 25 x 25 cm.

Edge strips:

1 st strip	Fabric K	1 x	3.5 x 7.5 cm
2 nd strip	Fabric J	1 x	3.5 x 9.5 cm
3 rd strip	Fabric H	1 x	3.5 x 9.5 cm
4 th strip	Fabric L	1 x	3.5 x 11.5 cm

Washing out:

Remove Paper Solvy by immersing it into water. Dry the block carefully by ironing and if necessary, cut to the specified size.

Star block:

After washing out and drying, sew the strips 1 to 4 all around the star.
