Supplies:

- 0,30 m of **TEAR EASY** (roll width 50 cm)
- 1 spool **RAYON** in turquoise and dark blue colour no.: 1560 and 1253
- 1 spool **HOLOSHIMMER** in turquoise colour no.:8017
- Adhesive spray **KK 2000**
- 3 different blue coloured fabrics, 30 x 30 cm each
- White fabric 25 x 25 cm
- Iron fix Silk Colours from **Gütermann creativ**:
Dark blue, light blue and yellow
- Pearls shaped like a starfish, fish and blossom
- Felting wool in dark blue from **Gütermann creativ**
- felt in white or nature colour from **Gütermann creative** (20 x 20 cm)
- scraps of lace or spunbonded fabric
- Tyvek, about 10 x 10 cm.
- Angelina fibres in blue
- 3 picture frames (size:18cm x 18cm) for image size of about 13 x 13 cm (e.g.. offered by Ikea)
- 0,20 cm of thin quilt batting material

Product Information:

GÜTERMANN SULKY

Thread:

RAYON: a universal machine embroidery thread made of 100 % viscose which is also used for decorative stitching and decorative quilting.

HOLOSHIMMER: a machine embroidery thread metallised with an aluminium holographic layer

Stabiliser:

TEAR EASY: a soft, lightweight, tearaway stabilizer that provides great stability combined with effortless removal,

other:

KK2000: a temporary self-adhesive spray, non toxic, without CFC.

Size: 18 x 18 cm

For a detailed tutorial about „Textile Collages“ please refer to:

www.sulky.com

Painting Fabrics and Material:

- Place white fabric, felt, lace, and Tyvek onto plastic cover
- Paint lace dark blue, Tyvek light blue
- Paint felt using all three colours. Use colours undiluted as well as water diluted
- “Play“ with colours by letting them run into one another.
- Paint white fabric with heavily water diluted colours.
- Fit felt and fabrics into each other to create a three-dimensional surface

- As colours air-dry, new colour lines are created, which add a special effect to the fabric

Cutting of Fabric:

Cut coloured felt into squares of **4,5 x 4,5 cm**

Cut coloured fabric in squares of **5,5 x 5,5 cm**

Embroidering on Felt:

- Place 2 layers of **TEAR EASY** underneath felt and fix it with **KK 2000**
- Set up machine for free motion embroidery and drop feed dog
- Use **RAYON** as upper thread and a colour coordinated thread e.g. **COTTON 30** as under thread
- Add more three-dimensional effects by sewing over the structures which appeared after the drying process
- Use turquoise and dark blue **RAYON** alternately.
- Trim excess of **TEAR EASY** so no residues can be seen on the front.

Arranging:

- Pull a few **Angelina** fabrics apart and iron between 2 layers of baking paper
- Cut **Tyvek** into irregular shapes and levitate tip of iron above Tyvek until it shrinks slightly
- Cut spunbonded fabric and lace into different shapes.
- Arrange felt and fabric cuttings as well as Angelina fabrics, Tyvek and lace on the 3 squares (30cm x 30cm)
- Fix temporarily using **KK 2000**
- Place 2 layers of **TEAR EASY** underneath fabric
- Stitch down all elements of the collage using **HOLOSHIMMER** in free motion

TIP: The **SULKY** website offers you a tutorial about „Handling Metallic Threads”

www.sulky.com

Finishing:

- Turn felting wool into rosettes
- Sew on in circular motion.
- Sew on pearls by hand
- Remove cardboard from frames
- Glue quilt batting material onto cardboard
- Place fabric onto batting so that the collage is placed in the centre
- Fold excess fabric over to the back and glue onto board
- Use frame without the glass cover

Enjoy our projects!
